Activities for your Green Halloween® event

Games/Play

- **Host a costume exchange**. Free how-to's at www.CostumeSwapDay.com. (Don't forget to register your event to help support the costume swapping revolution!)
- Quiz wheel. Make a cardboard wheel kids can spin. Number the pointer lands on indicates the quiz question child is asked. If they get the question right (or a certain number right) they win. Questions are related to a healthy/green Halloween.
- Recycling toss. Toss cans or plastic bottles into recycling in bin from far away.
- **Speedy recycler**. Who can separate trash, recycling, compostables into the correct bins the quickest?
- **Eco Clowns**. Have adults dressed in clowns with whistles or horns. The clowns make noise if they see trash on the ground or something not in the correct bin and continue making a racket until kids find a solution.
- Puppets. Halloween puppet show or shadow puppet show.
- Can tower. See who can build the highest pyramid with tin cans.
- **Eco-fashion show**. Have a recycled or vintage costume contest fashion show.
- **Dance**. Michael Jackson's "Thriller" might inspire even the parents to get up and dance.
- **Easter, who?** Have a Halloween egg hunt.
- Scarecrow race. Have a build or dress a scarecrow race (older kids can do it blind folded).
- **Raffle**. Raise money for the event or a local cause. Raffle off something cool that gets kids active like a scooter.
- ChicoBag design contest. Have a station where kids can create designs to submit for the next year's limited edition Green Halloween ChicoBag[®]. (10% of the sales support Green Halloween!)

 Details here.

Crafts

- Milk jug masks
- Recycled magazine or newspaper goody bags
- Inner tube spiders
- Fruit and veggie creatures
- Craft cool stuff from candy wrappers
- Pumpkin piñata
- Paper mache hands. Cover hand with paper mache, cut apart when a little hard, let harden, paint to look like a hand, fill with treats or use to decorate a table (hand sticking out of middle of plate)
- Pirate eye patches
- Skull origami

See next page for tips...

Activities for your Green Halloween® event

Tips:

- Instead of giving away goodies at each station, give "pumpkin points" that can be exchanged for a bag of healthy/green goodies, gift certificates, or one special prize.
- Make all of your activities from recycled materials. Pack them away carefully so they can be reused every year.
